

Run the RegisterIRIS program as Administrator to activate your license via our website.

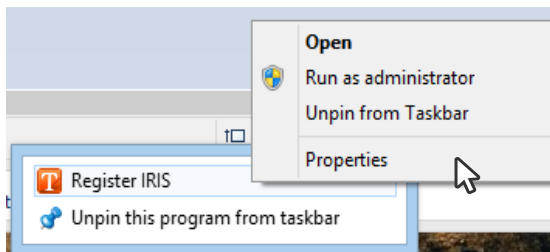

## Windows 8

1.

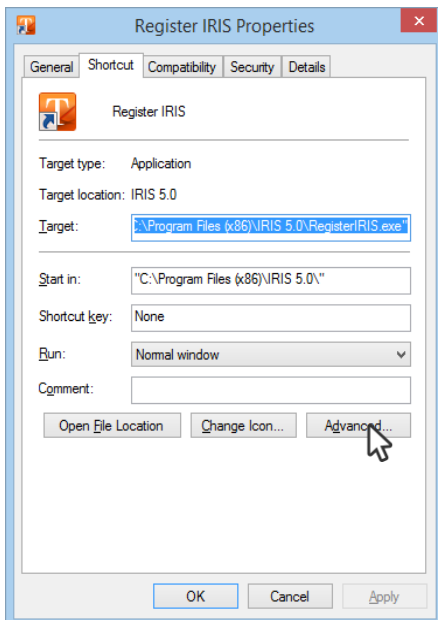

Right click the **RegisterIRIS** icon at the start screen, the taskbar or at your desktop.

2.

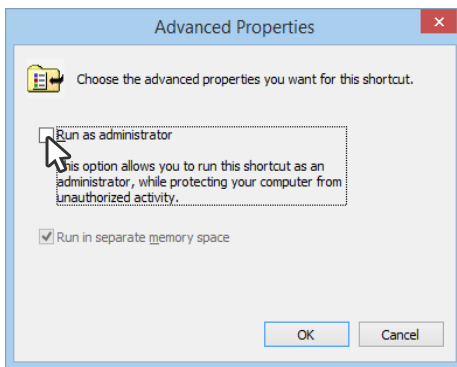

Go to properties.

3.

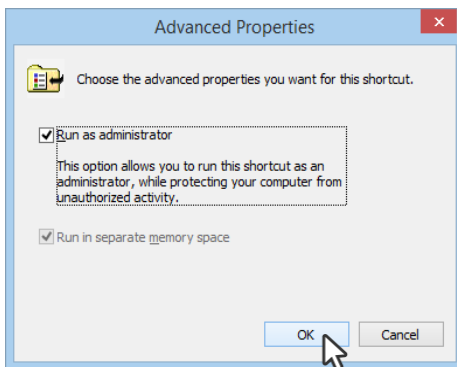

Go to advanced properties.

4.

Select Run as administrator.

5

Save settings by clicking OK.

Repeat the same procedure to change the settings to “Run as administrator” for IRIS50.
